

## Core Values of the Institution

**Academic Excellence:** The institution strives to achieve academic excellence at teaching learning and research level by providing all types of learning resources (physical as well as IT infrastructure) and human resources.

**Social Inclusion:** The institution strictly follows the government rules and regulations regarding the reservation policy. Students are given admissions on first come first admission basis that helps keep social inclusiveness.

**Sense of Social Responsibility:** The institution organizes number of special camps, drives and surveys through NSS, Nature Club and Associations that develops a sense of social responsibility in students.

**Human Values (Universal Values):** Human values such as liberty, equality and fraternity and the universal values such love, truth, peace and non-violence have been inculcated in students through the constant endeavors.

**Environment Consciousness:** The institution is very much conscious about the awareness program for the protection of environment. Through workshops/seminars, and film-festivals, the institution creates awareness about environmental issues.
