Lead College Programs (2023-24)

Report on the 'One Day Workshop on Applicability of Artificial Intelligence
(AI) in our Daily Life'

Title: 'One Day Workshop on Applicability of Artificial Intelligence (AI) in our Daily Life'

Committee: Lead College

Chairperson: Dr. Yojana Jugale (Principal)

Resource Person: Dr. Amit Sattikar

Day and Date: 30 March 2024

Place: Seminar Hall

Participation: Faculty and Students from Lead College-Cluster, total 60-70

Objectives: (1) To introduce the history of computer revolution in the world; (2) To make participants aware of the concept of AI and its salient features ; (3) To make them understand the presence of AI in our present life and its development in future ; (4) To make them aware the merits and demerits of AI

Brief Report

At the outset, the workshop was **inaugurated** by resource persons and chairperson. Then, Dr. Niranjana Kulkarni introduced the objectives of the lead college program and the workshop. The resource persons were felicitated by the chairperson.

Then, Dr. Amit Sattikar started his first session. He presented a brief review of various stages in the revolution of information technology. Then, he explained the basic concepts and salient features of AI by using various audio-visual slides. In the second session, he made participants aware of the presence of AI in our daily life. He also delineated the line of progress of AI in our future life and how, the later would be highly affected by the AI. He also made the participants aware of the merits and demerits of AI; especially the ethical concerns involved in it.

The second session was followed by Q and A. It is felt that the participants were more concerned for the future of employment in the face of all-spreading AI. The resource persons satisfied their doubts in the best possible ways.

During **valedictory** session, some of the participants expressed their views on the workshop. The program concluded with vote of thanks.

Outcome: (1) Participants understood the computer revolution with the arrival of AI; (2) They understood the concept, nature, scope and future of AI; (3) The participants understood the merits of AI and ethical issues involved in the futuristic rapid growth of AI.
